

# **PRESIDENT'S REPORT**

## **January 2008**

Welcome to the London Canoe Club 2008!

I hope everyone has had a wonderful holiday season and is preparing for the exciting events at the London Canoe Club. The Board of Directors are in place and we have many new faces and lots of ideas to make our Club a safe and fun place for the summer.

I want to express my gratitude for all who have endured this past year with our club and I hope you will continue as we work to build our membership back. Please encourage all your family and friends to check us out. They will be very surprised with many of our new programs and events.

If you want to help in any of the areas such as coaching, volunteering and planning, just contact a Director and we can find a spot for you to help us... Remember your club is as good as it's members!

This is a new season with a new dam so let's all enjoy the summer on the water. The latest word is that we will not have water until June 15th because of the fish spawning requirements, but we will be opening the club shortly thereafter. Because of the late opening, we will be planning trips to Sharon Creek and other places in the spring. We may also be opening the boathouse more days during the week in the summer to allow more time at the club. Keep an eye on the newsletter and "upcoming events" on the website for current information. Also, don't forget to check out the pool sessions in January, February and March.

Thank you,

Addie Gushue
